The following projects bagged the SKOCH Order of Merit Award 2018 from NIC Kerala:

1. MISAGO for Advocate General Office

e-Gov application to support the functions of Advocate General Offices and by using the same data, generate different views for Government Departments and Important Offices to monitor the current status of the cases where they are a party and implement the orders passed by the courts.

2. SAGARA Web Portal & Mobile App

SAGARA, is a Web cum Mobile Application developed for Fisherman Safety & Security by National Informatics Centre, Kerala in close coordination with State Fisheries Dept. This is focused on monitoring the fishing vessels and registering the crew going for fishing operation. This primarily acts as a form of communication between fishermen and authorized government agencies, to be informed about the fishermen and the vessels on board. The application has two components viz the Mobile Application and the Web Application.

3. MyCoir

A Suite of Applications for the Coir Board which includes MyCoir Portal for the Coir Beneficiary Schemes, Showroom computerisation application, financial accounting system for Coir Board and the recruitment portal.

4. eStamping for PROPERTY REGISTRATION

eStamping for Registration and Treasury Departments facilitates online remittance of registration fees and Stamp Duty by the customer directly into the Government Account.
